

Superior performance
from lightweight steel
for dynamic curb
appeal

Proven worldwide for over 40 years, Roser stone coated steel roofing systems provide unmatched performance and durability against the toughest elements nature has to offer. Zincalume coated 26 gauge steel provides the base for all Roser produced components to weather the storm.

- ISO 9001 certified for consistent manufacturing and quality assurance
- Class A fire resistant material, interlocking panels protect against wind blown embers penetrating roof
- 50 year limited warranty, non pro-rated for first 20 years and transferable
- 1 ½# per square foot install weight eliminates structural concerns
- Impact resistant steel base, Class 4 rated, the highest available per UL-2218 testing protocols

Spanish Orange

Cleo Tile

2 1/2" tall, stamped
Roman Barrel style profile
available in architecturally
pleasing blended shades
for outstanding
appearance on virtually
any structure due to
