# Design & Size

No need to lap multiple panels – we manufacture 5V-Crimp to the inch per your specifications. Any length is available from 3' up to 45' - though for handling 30' maximum is recommended.

5V-Crimp's design features five 1/2" high ribs, two on each side and one in the middle.

# Warranty & Finish

Painted 5V-Crimp carries a 50 year paint warranty, 50 year substrate warranty, and 30 year fade/chalk warranty. Unpainted Galvalume carries a 45 year warranty.

The painted option is a baked on enamel paint over primer and Galvalume. The non-painted Galvalume option is 45% zinc and 55% aluminum with a clear acrylic overcoat.

# Purpose & Use

5V-Crimp is primarily installed on barns and homes in the South and Southeast, combining vintage formed "V" crimp ribs with the strength and versatility of steel. The thin seams and flat portions of the panel provide a look similar to traditional standing seam.
