# Design & Size

We provide Tuff-Rib custom cut to the inch per your specifications. Any length is available from 3' up to 45'. Tuff-Rib's design features five 3/4" high ribs, spaced 9" on center.

# Warranty & Finish

Painted Tuff-Rib carries a 50 year paint warranty, 50 year substrate warranty, and 30 year fade/chalk warranty. Unpainted Galvalume carries a 45 year warranty. The painted option is a baked on enamel paint over primer and Galvalume. The non-painted Galvalume option is 45% zinc and 55% aluminum with a clear acrylic overcoat.

# Purpose & Use

An integrated anti-siphon groove on panel laps allows Tuff-Rib to be installed on roofs as low as 2.5:12. Strong 3/4" trapezoidal ribs enable installation over solid deck and open frame applications.

Tuff-Rib is at home on residential applications, but functions well as a light commercial panel as well.
