

Endura Seam Standing Seam

Next generation standing seam roofing.

Endura Seam offers an unmistakable combination of innovation and strength, with thin-seam 1.5" high ribs at 15.625" apart. UL90 hidden Clip-Tech side laps allow unlimited expansion and contraction and seal out the weather.

Design & Size

We provide Endura Seam custom cut to the inch per specifications. Any length is available from 3' up to 45'.

Endura Seam's design features 1.5" high snap-lock style ribs, spaced 15.625" on center standard or 12"/16" optional. Thickness options include 26 and 24 gauge as standard.

Warranty & Finish

Painted Endura Seam carries a 50 year paint warranty, 50 year substrate warranty, and 30 year fade/chalk warranty. Unpainted Galvalume carries a 45 year warranty.

The painted option is a baked on enamel paint over primer and Galvalume. The non-painted Galvalume option is 45% zinc and 55% aluminum with a clear acrylic overcoat.

Purpose & Use

Endura Seam is a thin-seam standing seam most chosen for high end residential and commercial projects.

Endura Seam is designed for installation over solid decking and for use on slopes as low as 3:12. A floating design allows for longer panels and end-lapping as needed.
