

**We are pleased to present you with the following Limited Warranty on our Kynar 500® PVDF paint coatings.**

1. This Warranty applies if any of the following Warranty Conditions occurs during the time period specified below:
  - a. Within 50 years from the date of installation, Kynar 500® PVDF exhibits cracking, flaking or peeling (loss of adhesion) to an extent that is apparent on ordinary outdoor visual observation. Minute fracturing, which may occur in proper fabrication of the building parts, is not a covered Warranty Condition. Failure due to substrate corrosion is not a covered Warranty Condition.
  - b. Within 30 years from the date of installation, Kynar 500® PVDF chalks in excess of ASTM D-4214 method A number 8 rating when properly maintained as described herein.
  - c. Within 30 years from the date of installation, Kynar 500® PVDF changes color more than five (5.0) Hunter delta-E units as determined by ASTM method D-2244. Color change shall be measured on an exposed painted surface that has been cleaned of surface soils and chalk, and the corresponding values measured on the original or unexposed painted surface. Color changes may not be uniform on surfaces that are not equally exposed to the sun and elements and Best Buy Metals does not warrant that color changes will be uniform.
2. If a Warranty Condition occurs and all of the other requirements of this Warranty are met, Best Buy Metals will supply you with the following Warranty Benefits:

Best Buy Metals will pay for labor and material reasonably necessary to repaint, repair or replace, at our option, the metal panels showing the Warranty Conditions. The Warranty Benefits shall not exceed the original purchase price of the affected metal panels and trim (not including any accessories or attachments) or the remedy provided in any other warranty provided to the building owner, whichever is less, even if our limited warranty fails of its essential purpose. This Warranty will continue to apply to any metal panels that were repainted, repaired or replaced due to a Warranty Condition, but only for the unexpired portion of the Warranty period applicable to the original part.
3. To receive Warranty Benefits for a Warranty Condition, you must:
  - a. Contact Best Buy Metals within fifteen (15) days of the appearance of any detectable defect.
  - b. Provide access to the affected panels and site.
  - c. Assist us as necessary in determining the exact cause of failure.
  - d. Provide such documentation as we shall request to confirm the Warranty Condition, including records sufficient to identify the order.
4. We are not responsible and provide no Warranty Benefits, for any damage or condition resulting from any of the following circumstances or any other circumstances beyond our control:
  - a. Acts of God, falling objects, explosions, fire, external forces or other such similar or dissimilar circumstances beyond Best Buy Metals' control;
  - b. Harmful fumes or foreign substances in the atmosphere, or salt spray; no Warranty is provided for Kynar 500® PVDF coatings on any substrate that is subjected to sea spray or installed on property located 1,500 or fewer feet from a salt-water environment.
  - c. Significant differences in insulation below coated metal panel;
  - d. Failures or damage resulting from substrate exposure or corrosion at cut/bare edges or failure of the metal substrate;
  - e. Kynar 500® PVDF that has been stored/installed in such a way that allows contact with animals or animal waste;
  - f. Mishandling of Kynar 500® PVDF or of any substrate coated with it, including abuse, alteration, modification, improper use, or storage; or
  - g. Attachment or adhesion of materials or items such as snow guards and solar panels to the coating.

5. This Warranty applies only to building parts installed on buildings within the Continental United States. This Warranty may be transferred to (1) subsequent property owner by submitting the form below to a Best Buy Metals authorized representative within 30 days of a change or transfer of ownership. Otherwise, and for any future owners beyond a second property owner, this Warranty will automatically expire upon any change or transfer of ownership of the property on which the metal coated with Kynar 500® PVDF is originally installed.
6. This is our only Warranty concerning Kynar 500® PVDF coil coatings. Except for this Warranty, WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED AND DISCLAIM ALL IMPLIED WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE OR FREEDOM FROM PATENT INFRINGEMENT. BEST BUY METALS WILL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER BASED ON LOST GOODWILL, LOST PROFITS, WORK STOPPAGE, IMPAIRMENT OF OTHER GOODS, PROPERTY DAMAGE, LOSS OF USE, EXPENSES OF RECALL, OR OTHERWISE. We have no other liability with respect to Kynar 500® PVDF coil coatings, whether based on warranty, negligence or any other legal theory. This Limited Warranty is valid for products used for roofing and sidewall coil applications only.
7. This is our complete warranty. It lists all of Best Buy Metals' obligations regarding Kynar 500® PVDF coil coatings. This warranty shall be governed by Tennessee law, but not its conflict of law rules.
